SUBJECT: Proposal for Course Prefix Changes to CHLS Courses

The Bush School of Government and Public Service's Graduate Certificate in Homeland Security (CHLS) was formerly housed within the Master's Program in International Affairs but will now be housed within the newly formed Public Service and Administration (PSAA) Department. The PSAA department would like to change the course prefix for the CHLS courses from INTA to PSAA to reflect the change in administrative structure effective with the 2015-16 graduate catalog.

The following table lists the current course prefixes for the CHLS classes and the corresponding changes we are requesting. The course titles, descriptions, prerequisites, credit hours, and CIP/funding codes will remain unchanged. Please note that no other changes will be made to any of these courses.

Course Title	Current Course Prefix	Proposed Course Prefix
Homeland Security and Homeland Defense	INTA 602	PSAA 651
Protection of the Nation's Critical Infrastructure	INTA 614	PSAA 652
Weapons of Mass Destruction	INTA 619	PSAA 653
U.S. Border Security: Policies, Strategies and Issues	INTA 683	PSAA 654
Domestic Intelligence Operations: Legalities, Policies and Procedures	INTA 687	PSAA 655
Fundamentals of Homeland Security	INTA 656	PSAA 656
