“Diversity and inclusion are integral to mission success at NASA. It is incumbent on every member of the NASA community to advocate for, promote, and most importantly, practice the principles of diversity and inclusion in everything that we do.”
“The **most innovative** company must also be the **most diverse**. Because we know new ideas come from diverse ways of seeing things.”
“Diversity and inclusion are integral to...provide excellent, culturally relevant care in a welcoming environment to patients from a wide variety of backgrounds and creating an inclusive work environment where differences are valued”
